

PR EMPIRE

By Digimetriq.com

Why Not Own 100+ Media Sites?

Here are a few reasons why it's difficult and not feasible

Servers

Well, Cannot really rely on shared hosting and we know how expensive dedicated servers are.

Development

Hiring an outside agency will at least cost 10,000 rs per site.
In-house development is slow, and definitely not cheap.

Content Writers

Well, the sites will need content! Media sites demand fresh and new content on a daily basis!

Introducing Digimetriq's PR Empire

Running hundreds of your own sites isn't a dream anymore.

No Development Costs

All sites to be designed and developed by our team, with unique layouts.

No Hosting Costs

No need to pay for servers. We will host all sites on our existing high configuration servers.

No Content Costs

No need to hire content writers. Your entire network will be updated daily with fresh and unique content.
